A short distance away is Meanbeard and his band of filthy pirates who are eager to steal people's treasures. Once Heaven and Carlos have acquired the treasure, her ship is hijacked, and Carlos is held captive. # Learn More About Heaven's Adventures

## Introducing Heaven!

In May of 2022, the first installment of a book series entitled: Heaven's Adventures: The Case of the Stolen Treasure was published. The purpose behind the series is to utilize cartoon characters to teach the Word of God to today's generation. This product is geared towards kids between 6- to 9-year-olds.

## Why is this project important?

There has been an attack on this generation of children, and the messages that make up our storylines will help to deflate the onslaught of mixed messages that are in opposition to love, joy, faith, hope, kindness and peace. Heaven has many more journeys to embark upon and your sponsorship will help us to make it happen.

# Community & In-Kind Supporters

While these organizations are not financial sponsors, their willingness to share time, talent, resources, and expertise has played a vital role in helping bring this production to life for children and families.
